Dear sir/Madam

**REF: RECOMMENDATION LETTER FOR RUTH NJERI NJUGUNA**

I'm writing to express my wholehearted support for Ruth.

Ruth was an intern with us from 6<sup>th</sup> May 2024 to 26<sup>th</sup> July 2024 as an Information communication Technology student.

As Ruth's supervisor during her working period with Datacomm Systems and Solution she performed the following tasks:

1. Pc maintenance
2. Hardware verification
3. Software installation
4. Internet installation and configuration
5. Networking and cabling
6. Troubleshooting and resolving all IT issues (Hardware, software and Network).
7. Installed and configured appropriate software and functions according to specifications
8. Installation and connection of a wide variety of cable types (e.g. twisted pair, fiber optics, co-ax, etc.),

I was impressed with Ruth's commitment to work. Ruth became a valued member of the Datacomm team and I'm confident that she has a successful career in IT ahead of her. She is a disciplined lady, ready to work without much supervision. She is a great team player, which is a good quality to have in this field.

I strongly recommend Ruth and any assistance accorded to her will be highly appreciated.

Yours Faithfully

A handwritten signature in blue ink, appearing to read 'Solomon Gachugu', is written over a faint circular stamp.

Solomon Gachugu  
**DIRECTOR**
